Covid 19 update and changes

Hi all,

Firstly I'd like to thank each one of the membership for the patience and apologies on behalf of the committee for not keeping the memberships with weekly updates and any changes that could affect us!

We held the second committee meeting after the pandemic on the 8th September. With current guild lines been in place and certain areas of Calderdale and Kirklees still in a local lockdown, we have been monitoring the changes as close as possible!

We understand we have member itching to get back on the range but we all must be patient and follow the changes to the rules closely!

The main change that will be in place is the club room will no longer have access for members we can't have more than 6 people in the building at one time! This would include the 4 shooters on the range, 1 range officer and another member of Elland staff to answer the phone and open the gate and preparing any equipment needed for the next set of shooters. The club will be operating a one way system members will be expected to arrive approx 10mins before your detail waiting out side until the range officer has cleared the previous detail all shooters to exit the range though the bottom door, then a quick clean and sanitise on any equipment and benches previous member have used. On entry please use the hand sanitizer provided. Copies of the club risk assessment and NSRA guidelines will be available on entry.

The online booking system will be available on the website.

Any members that don't have access to the website or internet access please contact me by text with what date you have in mind and we will get you booked on the next available detail. My number is at the top of the letter for any other questions or problems you have!

As a starting point there will be 3 details per opening with 4 shooting positions available
Each detail is allocated 45 minutes this includes setup and clean down.

Monday, Wednesday Thursday and Friday, Saturday Sunday(alternate)

Running 3 details a night from.

7-30 to 8:15

8:15 to 9:00

9:00 to 9:45

Running 3 afternoon details from

1:30 to 2:15

2:15 to 3:00

3:00 to 3:45

Regards Jake Healey
